## Parts are Parts

Figure 1 iVIZION Validator Head (with Guides) (P/N 251870)

**Part No.** 251870

**Description:** iVIZION Validator Head (with Guides)

**Usage:** The iVIZION Validator Head (P/N 251870) has Banknote guides installed to reduce the 85mm Banknote Path to a 72mm Banknote Path (Figure 1 a). The Banknote Path reduction enables Banknotes to be transported through the iVIZION with less skewing and variation for 72mm Banknotes, resulting in improved movement and consistency in stacking within the Cash Box. The iVIZION Validator Head with Guides was developed for countries where all Banknote denominations are less than 72mm in width.

The Latest JCM Software Listing (shown above) identifies specific software versions that have been released to OEMs. It is the responsibility of the OEM to obtain all required approvals from Gaming Regulators and Jurisdictional Authorities necessary for use of approved software versions. Contact the Game Manufacturer (OEM) for information on specific software releases approved for use within your gaming jurisdiction.

JCM recommends using the latest version for maximum acceptance, security, and performance.

## JCM Service Offerings

JCM offers the following services to help keep your JCM Products performing within factory specifications:

- Warranty and Non-Warranty Service and Repair
- Custom Training Classes
- Unit Exchange Programs
- Preventive Maintenance Programs
- ICB Data Analysis
- Validator Performance Analysis

## JCMedia™ Is The Source For All Your Video Needs!

JCMedia™ solutions incorporate the latest digital display technology (single screen to large scale video wall solutions), digital content creation services and networked solutions for all your media needs. JCMedia now offers the only upgradeable pixel pitch LED Displays using JCM's PIXELPRO™ Display Technology. PIXELPRO products combine unsurpassed color uniformity and the best pixel-to-pixel resolution available in the Gaming industry in an easy-to-install package. PIXELPRO MAX™ provides a high-resolution interlocking panel solution for large scale LED Video screens. PIXELPRO FLEX™ offers flexible panels for curved surface implementations, and PIXELPRO CUBE™ supports 3-D Video Displays. For more information, please visit the JCM Global website at [jcmmedia.jcmglobal.com](http://jcmmedia.jcmglobal.com)!

## FREE JCM TRAINING AVAILABLE 24/7

Technicians need training, but is time or class availability a problem? JCM Online Training offers classes to meet your schedule and your needs. JCM Online Training Programs feature the same content as JCM On-site Training with the added convenience of flexible scheduling. Visit [training.jcmglobal.com](http://training.jcmglobal.com) for more information or to register for classes.
