ALIANTE STATION CASINO + HOTEL LATEST IN AN IMPRESSIVE LIST TO OPEN WITH 100 PERCENT JCM GLOBAL PRODUCTS

JCM's UBA®, ICB® and Hi-Def LCDs Up and Running at 2,200-slot Casino

LAS VEGAS (November 12, 2008) – Last night, the incredible new Aliante Station Casino + Hotel opened to rave reviews and satisfied customers, and Aliante became the latest in an impressive lineup of Las Vegas casinos to open in 2008 exclusively with products from JCM Global.

JCM's award-winning Universal Bill Acceptor (UBA®) and the Intelligent Cash Box (ICB®) are installed on each of the casino's 2,200 slots. That means casino customers are being served by the fastest, most accurate bill validators available on the planet. The UBA has proven time after time to offer the highest acceptance rates, which equates to more money in the cashbox. The UBA uses the very latest in overt and covert currency validation technology to quickly and securely validate currency.

Aliante's back room process is running at its most efficient with the ICB technology leading the way. Improving a casino's overall efficiency, the ICB provides an independent verification of every transaction and accurately links those transactions to the slot machine.

In addition to bill validators and intelligent cashboxes, JCM is providing a large quantity of large format HD LCDs to Aliante. Nothing is bolder, brighter and more powerful at delivering messages than LCD displays from JCM's alliance partner, Tovis. Perfect for still images and video, Tovis' next generation of LCD displays are in a stretched format to replicate the traditional LED meters w/ HD video content, providing greater flexibility and even more dramatic impact.

JCM Global President Aki Isoi said, "We have had a long relationship with Stations Casinos, and we are honored that the company has exclusively chosen JCM products for their latest, stunning achievement."

JCM Global is the automated transactions solutions provider trusted by operators and manufacturers alike. Its global offices are now united, providing top-level sales, engineering and service for the world's best systems solutions for the gaming, banking, vending and petroleum industries. JCM Global sets standards with products such as the World Bill Acceptor™, the Universal Bill Acceptor™, Intelligent Cash Box (ICB™) and Trident® Table Safe System, a patented cash handling system for table games.
