### **Grupo Comar Names JCM Global its Preferred Supplier for Spain, Latin America**

DÜSSELDORF, Germany (18 June 2019) – Spanish and Latin America gaming powerhouse Grupo Comar has named JCM Global its preferred supplier for bill validators and printers. The new agreement expands the relationship between Grupo Comar and JCM.

Under the agreement, JCM will provide its award-winning iVIZION® bill validator and GEN5™ Thermal Printer to Grupo Comar casinos throughout Spain and Latin America.

Grupo Comar Casino Division Purchase Manager Manuel Lopez said, “We have enjoyed our working relationship with JCM for many years, and now we are pleased to enter this new phase. We have been impressed with the technological and security capabilities of iVIZION and GEN5 and with the security and accountability they provide.”

“We are honored and humbled to expand our relationship with Grupo Comar, and we are grateful for their ongoing support,” JCM Gaming Division Sales Director Marcus Schmitz said. “Grupo Comar joins casino operators worldwide who trust and rely on iVIZION’s impeccable levels of security and GEN5’s faster print speeds to provide high levels of protection and customer service on the casino floor.”

iVIZION’s CIS Contact Image Sensing technology leads the gaming industry in security and protection. iVIZION reads more than 9.5 million data points, twice that of the nearest competitive product, and scans the entire note or ticket, front and back, capturing an image clear enough to read a serial number.

The GEN5 allows operators to deepen customer connections with its faster print speed and larger memory, providing a means of communicating a wide range of messages to customers, from simple ticket printing to more advanced couponing messages.
