JCM Global® and Eurocoin Expand Partnership Enabling JCM to sell Eurocoin Printers in the Americas

LAS VEGAS (October 10, 2019) – JCM Global® and Eurocoin have expanded their long-term relationship. Under a new agreement, JCM will now represent Eurocoin printers in North America and Latin America for a wide range of commercial applications.

JCM is the leading supplier of thermal printers in the casino market, and adding Eurocoin printers to its portfolio will allow the company to offer additional choices and even greater flexibility to its commercial and gaming customers.

“Our commercial partners in the Americas have expressed to us their need for a roll-style thermal printer that was more compact with greater flexibility to accommodate the variety of applications they use today. We listened, and we sought out the very best roll-style thermal printers available. We were delighted to find the perfect solution in the EP802 product line from our long-term partner Eurocoin,” said David Kubajak, JCM’s SVP of Sales, Marketing and Operations.

Sales Director of the Eurocoin Group Colin Veitch said, “We are very pleased to announce this exciting new commercial development with our friends at JCM Global. Our EP802 thermal printers are well regarded throughout Europe for their innovation, quality, and reliability. Now with this distribution partnership with JCM, we can offer proven print solutions to machine and kiosk manufacturers in the North and Latin American markets.”

JCM will represent Eurocoin’s EP802-TMP and EP802-TM Thermal Printers, each featuring roll-feed paper that allows operators to print as much or as little information as needed for each individual transaction. The EP802 series of printers are highly reliable and intended for use in sports betting and gaming, as well as across a wide range of other applications. The EP802-TMP comes complete with a presenter, and the EP802-TM is equipped with a smart bezel. The presenter and smart bezel both ensure completely printed tickets on every transaction.

Experience the partnerships, products/solutions, and people that only JCM can deliver at G2E, booth #4039. Join JCM online at www.jcmglobal.com, and on [Facebook](#), [LinkedIn](#), and [Twitter](#).
