

A PARTNERSHIP IN CASHLESS GAMING SOLUTIONS

EASIER, MORE EFFICIENT

- Make player enrollment fast and simple by eliminating wagering account requirements
- Players can scan TITO tickets to add funds
- QR codes are used to assist with Bluetooth pairing to a machine

SAFE, SECURE, RESPONSIBLE

- Automated player tracking for identity and age verification
- AML controls mitigate potential for fraud
- Responsible gaming options available in app

MORE FUNDING, LESS DISRUPTION

- No CMS system upgrades required
- Machines with iVIZION™ and FUZION have the necessary hardware for cashless capability
- Players can access funds without leaving the machine

JCM GLOBAL® has integrated its award-winning FUZION® system with Global Payments Gaming's VIP Mobility™, providing a CMS-agnostic cashless gaming solution for casinos. Players have the option to fund their play through an easy-to-use mobile app while casinos avoid costly CMS upgrades, integrations, and IP fees applicable to other cashless solutions.

WHY PLAYERS LOVE IT?

- Easy to use
- Takes one minute to enroll
- Touchless, contactless, self-serve

WHY CASINO OPERATORS LOVE IT?

- Low cost to implement
- CMS and machine agnostic
- Higher player adoption rate
