### **JCM Global Wins Exclusive Bill Validator, Printer, Cash Box Contracts at Hard Rock Casino Northern Indiana**

#### ***JCM Installs iVIZION, GEN5, ICB Cash Box System***

LAS VEGAS (June 21, 2021) – When it celebrated its grand opening on May 14, the dazzling new Hard Rock Casino Northern Indiana opened with advanced technology exclusively from JCM Global® (JCM).

JCM has installed its award-winning iVIZION® bill validator, GEN5® Thermal Printer, and ICB® Intelligent Cash Box System on each of the property's 1,650 games. The combination of iVIZION and GEN5 enable Hard Rock to unleash the power of JCM's FUZION® technology.

The installation marks the latest milestone in a long relationship between Hard Rock and JCM.

"We are honored by the continually growing relationship we share with Hard Rock and thrilled to have been chosen for this newest and exciting Hard Rock Casino," said JCM SVP of Sales, Marketing & Operations Dave Kubajak. "We are humbled to say more than 90 percent of Native American and First Nations operators in North America use and trust JCM products in their casinos."

The property is the latest in a series of recent properties to open with JCM technology solutions to help enhance the guest experience, increase security, and boost efficiencies. This is also the second Hard Rock casino to open in the last two years that has chosen JCM systems and products.
