JCM Global's Technologies Rank High in Eilers-Fantini Surveys

ICB ASAP[®], FUZION[®] get top marks

LAS VEGAS (November 14, 2022) – JCM Global's (JCM[®]) innovative technologies received top marks in two recent surveys from Eilers-Fantini, continuing a trend for the gaming industry's leading provider of groundbreaking systems and technology.

JCM's ICB ASAP[®] was voted a "Most Innovative Technology" in the Eilers-Fantini G2E Vendor Survey 2022. ICB ASAP is a network of four industrial-grade robots and industry-standard automation equipment and is the first and only automated secure asset processing solution available in the market. It automates the count room, enhances productivity, reduces human contact, boosts security, improves throughput, and increases reliability.

In the Eilers-Fantini Slot Survey for Q3 2022, JCM's patented and award-winning FUZION[®] was named as one of the top systems slot operators plan to buy in 2023. GLI-certified, FUZION is a milestone in total casino peripheral management. JCM recently expanded on FUZION's mobile payment options for both EGM's and table games, incorporating both NFC and Bluetooth capabilities.

"We are humbled that the gaming industry continues to respond to our leading technologies. JCM was born from a spirit of innovation, and that drives our global development teams to reach higher and bring meaningful, impactful solutions to our operator partners of all sizes and in all locations," said JCM SVP of Sales, Marketing, and Operations Dave Kubajak.
