JCM AMERICAN WINS TOP HONORS AT KIOSKCOM AWARDS

Award-winning Kiosks Operating at DMVs Throughout Nevada

LAS VEGAS (May 3, 2006) – JCM American’s self-service DMV kiosk took top prize at the recent KioskCom trade show, held recently in Las Vegas. JCM designed and installed the Nevada Department of Motor Vehicle’s (DMV) self-service kiosks, winning top honors for Best Kiosk Application for Government, Education or a Non-Profit Agency at KioskCom’s 5th annual Excellence Awards. Nevada Department of Motor Vehicles Director Ginny Lewis was also named “Industry Deployer of the Year.”

The award was given by a panel of 21 judges, representing analyst firms, kiosk vendors and suppliers and kiosk media, who selected winners in a dozen categories.

JCM’s kiosks were first launched in Nevada DMVs in June 2004. Currently, there are 22 stations in DMV offices statewide, including two outdoor walk-up kiosks that are available nearly 24 hours daily, seven days per week. Two AAA offices in Las Vegas also have kiosks providing the same DMV services.

Nevada’s kiosks are the first in the U.S. to accept cash and credit cards, and give change while dispensing government documents on the spot. Motorists can renew vehicle registrations, obtain driver’s license renewals and get vehicle insurance verification with little to no wait and average transaction times of two minutes. Since the project began, Nevada motorists have used the kiosks for almost 300,000 transactions.
