JCM AMERICAN WINS TOP HONORS AT SELF-SERVICE & KIOSK SHOW Nevada DMV Kiosk Wins Best in Show and Gold in Two Categories

LAS VEGAS (October 5, 2006) – JCM American has won three Self-Service World Outstanding Achievement Awards, including the best-in-show Platinum Award at the recent Self-Service & Kiosk Show. JCM won for its innovative kiosk, deployed by the Nevada Department of Motor Vehicles. JCM won Gold in both the Public Sector and Other categories, and the Platinum Award, an honor given exclusively to the deployment with the highest overall point total from award judges.

The winners of the 2006 Self-Service World Outstanding Achievement Awards were announced as part of the recent Self-Service & Kiosk Show. According to the show's organizers, the awards recognize solutions that, by their excellence in accomplishing their purpose, have made a positive impact and advance the cause of self-service.

The win is the latest in a string of honors for the kiosk, including earning Best Kiosk Application for Government, Education or a Non-Profit Agency at this summer's KioskCom show.

JCM VP for Commercial Sales Dave Elich said, "We are extremely proud to be recognized with three awards at a trade show where there were so many innovative products. The DMV kiosk speaks very clearly to JCM's commitment to forward-thinking solutions across all areas of our business."

JCM's kiosks were first launched in Nevada DMVs in June 2004, and now there are 22 stations in DMV offices statewide, including two outdoor walk-up kiosks that are available 24 hours daily, seven days per week. Two AAA offices in Las Vegas also have kiosks providing the same DMV services.

Nevada's kiosks are the first in the U.S. to accept cash and credit cards, and give change while dispensing secure government documents on the spot. Motorists can renew vehicle registrations, obtain driver's license renewals and get vehicle insurance verification with little to no wait and average transaction times of two minutes. Since the project began, Nevada motorists have used the kiosks for more than 400,000 transactions.

JCM American Corporation is the industry leader in automated transaction handling systems and provides products, software and services to the amusement, gaming, kiosk, retail, transportation and vending industries. JCM's progressive spirit continually sets worldwide industry standards with innovative and award-winning products such as the Universal Bill Acceptor (UBA™), Intelligent Cash Box (ICB®), Optipay™ cash recycling system and DMV Self-service Kiosk. JCM is a subsidiary of Osaka-based Japan Cash Machine, with subsidiaries in Düsseldorf, Hong Kong, London, Macau, and Sydney. For more information, visit www.jcm-american.com.
