### **JCM Global Brings Integrated Solutions to Southern Gaming Summit**

LAS VEGAS (April 24, 2013) – [JCM Global](http://www.jcmglobal.com), the proven leader in currency validation solutions, is bringing an incredible array of award-winning solutions to [Southern Gaming Summit](#). JCM's integrated solutions have been field-proven to help operators do business better, smarter and faster and will be on display in booth #825.

Leading the way is JCM's award-winning [iVIZION®](#) bill validator. iVIZION is globally proven to be the better, faster, smarter solution for the gaming industry. iVIZION captures the entire image of a note or ticket and its 99%+ acceptance rate and high security levels are unrivaled.

Building on iVIZION's foundation of intelligent validation, is JCM's DNA (Dynamic Network Applications), recently named to *Casino Journal* magazine's 16<sup>th</sup> annual [Top 20 Most Innovative Gaming Technology Products Awards](#). Operating wirelessly or hard-wired, DNA passively monitors the EGM "SAS" line for critical housekeeping data, while securing two-way communication with all critical peripheral components. With JCM's DNA, operators can get extensive reports and alerts in real time and deliver firmware updates instantly, with no downtime, across the entire operation. DNA also enables regulators to instantly verify peripheral devices, software versions, view reports and more. In other words, this original technology is even further enhancing profitability, productivity and efficiency.

JCM will also be showing the new iPRO® bill validator, an incredibly secure and smartly priced bill validator; the award-winning [PayCheck 4™](#) thermal printer that prints faster and lasts longer than any other printer of its kind; and a wealth of digital display options.

For more information JCM's award-winning solutions, visit at [www.jcmglobal.com](http://www.jcmglobal.com).

#### **About JCM Global**

JCM Global is the world's leading supplier of innovative automated transactions solutions for the banking, gaming and retail industries.
