### **JCM Global Heads South for Southern Gaming Summit with Award-winning Solutions**

LAS VEGAS (April 20, 2012) – JCM Global, one of the world’s leading automated solutions providers and “Best Street Supplier of the Year,” is inviting operators across the southern U.S. to ride with the winner at the Southern Gaming Summit. JCM Global will be in booth #827.

JCM Global’s award-winning products, including the iVIZION® and UBA® bill validators, the Intelligent Cash Box (ICB®) and PayCheck 4™ printer have transformed the way operators across the south do business, helping to make their operations better, smarter and faster. Additionally, of all its competitive set, only JCM provides top-level sales, engineering and service.

“Riverboats and land-based casinos alike have experienced first-hand the difference in efficiency and speed that JCM Global products bring to their operations. We are excited to see old friends and build new relationships at this year’s Southern Gaming Summit,” said JCM Global Vice President of Global Sales Mark Henderson.

JCM Global customers in the gulf coast region eagerly spoke of JCM’s products.

Al Elder, Soft Count Manager for Island View Casino, is a long-term JCM Global customer and spoke of the ICB system. “One of the reasons we are so efficient is the ICB system allows us to just pull a box and put it on a cart. No wandering, tickets or other nonsense required. It makes the drop almost mistake-proof.”

Jay Underkofler, Sr. Director of Finance for The Isle at Pompano Park is also a long-term JCM Global customer and said, “The ICB system eliminates 75 percent of the manual errors from the drop and count processes, and process efficiency equals money saved.”
