JCM Global Helps Australasian Operators Evolve with Better, Smarter, Faster Solutions on Display at G2E Asia

LAS VEGAS (May 7, 2013) – [JCM Global](http://www.jcmglobal.com), the proven leader in currency validation solutions, is coming to G2E Asia with a wealth of award-winning solutions proven to help casino operators evolve their casinos floors to do business better, smarter and faster than ever before. JCM will be in stand #1300.

The evolution begins with JCM's award-winning [iVIZION®](#) bill validator. iVIZION is globally proven to be the better, faster, smarter solution for the gaming industry. iVIZION captures the entire image of a note or ticket and its 99%+ acceptance rate and high security levels are unrivaled.

Building on iVIZION's foundation of intelligent validation is JCM's DNA (Dynamic Network Applications), recently named to *Casino Journal* magazine's 16th annual Top 20 Most Innovative Gaming Technology Products Awards. DNA empowers operators with real-time reports and alerts, and can even enable regulators to instantly verify peripheral devices, software versions, view reports and more.

Beyond the slot machine, JCM brings "Intelligent Validation At 8 Notes Per Second" with its amazingly fast iV8™ table game bill validator, developed specifically for the high-volume table game marketplace. Unlike manual counting at the table, iV8 counts currency at 8 notes per second, and can instantly and dramatically increase the number of games played per hour. iV8 processes a "brick" of 40 notes in seconds –from presentation to storage – in stackable cash boxes, dramatically increasing the number of potential hands played per hour.

Additionally, JCM will be showing its new iPRO® and iPRO-RC® bill validators; the award-winning PayCheck 4™ thermal printer that prints faster and lasts longer than any other printer of its kind; the Sentry 2® smart bezel; the incredibly efficient Intelligent Cash Box (ICB 3.0®); and other key products.

For more information on JCM's award-winning solutions, visit JCM at G2E Asia on stand #1300 or anytime at www.jcmglobal.com.
