JCM GLOBAL WINS ANOTHER CONTRACT AT MARYLAND LIVE! CASINO, THIS TIME FOR PAYCHECK 4 PRINTER

LAS VEGAS (February 22, 2012) – Immediately following the recent Global Gaming Expo, [JCM Global](#) announced it had won a major contract with [The Cordish Company](#) to install JCM's award-winning [iVIZION®](#) bill validator on more than 4,750 slot machines and electronic table games at the new [Maryland Live! Casino](#). Now, JCM and Cordish have partnered again, this time with Cordish choosing JCM's award-winning PayCheck 4™ thermal printer for its gaming devices.

"The PayCheck 4 printer is the perfect partner to iVIZION – fast, smart and long-lasting," said Robert J. Norton, President and General Manager, Maryland Live! Casino. "We look forward to our continued partnership with JCM as we move towards our grand opening in Summer 2012."

"We are absolutely delighted to be expanding our relationship with the Cordish Companies and Maryland Live! Casino," said JCM Global VP of Sales Mark Henderson. "When JCM first partnered with Nanoptix earlier this year, we knew PayCheck 4 had the potential to be the best printer in the business. Now, after Cordish's thorough review of all available printers in the business, and with their decision to go with PayCheck 4, our belief in the product has been validated."

The new PayCheck 4 is the fastest printer in the industry, printing and presenting a complete ticket twice as fast as competitive printers. PayCheck 4 has the most standard memory of any type printer, giving operators more power and flexibility to communicate directly with their customers. Last, it is the longest-lasting printer in the industry, with a print head that lasts twice as long as any competitive product – an average life span of 640,000 slot-type tickets.
