### **JCM Global Wins Printer Contract at Oxford Casino**

LAS VEGAS (April 26, 2012) – Just days after winning a contract to install its award-winning iVIZION® bill validator at the soon-to-open Oxford Casino in Maine, now JCM Global has won a contract to install its award-winning PayCheck 4® Thermal Printer at the casino.

JCM Global will exclusively provide printers for all of the casino's 527 gaming devices.

"We carefully reviewed every available printer in the marketplace, and PayCheck 4's speed and capabilities put it far ahead of the rest, making our decision an easy one," said Mark Huse, Senior Director of Operations for Oxford Casino.

"We are delighted to be expanding our relationship with Oxford Casino. The PayCheck 4 printer is the perfect companion to iVIZION bill validator for Oxford Casino and for all casinos, because of its speed and intelligence. PayCheck 4 has been proven to be more than twice as fast, last twice as long and have more standard memory than any printer," said JCM Global Vice President of Global Sales Mark Henderson.

PayCheck 4's competitive advantages are extensive. First, PayCheck 4 is the fastest printer in the industry, printing and presenting a complete ticket twice as fast as competitive printers. Next, PayCheck 4 has the most standard memory of any printer in the gaming industry, giving operators more power and flexibility to communicate directly with their customers. Last, PayCheck 4 is the longest-lasting printer in the industry, with a print head that lasts twice as long as any competitive product – an average life span of 640,000 slot-type tickets.

More information about PayCheck 4 and the entire line of JCM's award-winning products is available at [jcmglobal.com](http://jcmglobal.com) or by calling your JCM Global sales representative at +1 (702) 651-0000.
