RIDING HUGE WAVE OF SUCCESS, JCM GLOBAL TRAVELS TO OKLAHOMA FOR 15TH ANNUAL OKLAHOMA INDIAN GAMING ASSOCIATION CONFERENCE

LAS VEGAS (July 31, 2009) – JCM Global has been tremendously successful in Oklahoma, and its award-winning products are exclusively found at six premier properties across the state, including the newly opened Kickapoo and River Spirit casinos. JCM has earned a worldwide reputation for helping to make casino cash transactions as secure and accurate as possible and will now be exhibiting at the 15th annual Oklahoma Indian Gaming Association Conference.

The Conference takes place August 9-11, 2009, at the Tulsa Convention Center in Tulsa, Okla. JCM will be in booth #523 with TransAct Technologies.

JCM Global will be showing its award-winning Universal Bill Acceptor (UBA®) and Intelligent Cash Box (ICB®). Now running on more than 56,000 devices, the combination of UBA and ICB helps a casino to maximize revenue and streamline the drop process. UBA/ICB does this by achieving the highest acceptance rates and strictest counterfeit detection using UBA's overt and covert note sensing. ICB's reporting suite helps eliminate cashbox variances and maximize drop and count room efficiency.

JCM Global VP of Sales Mark Henderson said, "Our customers in Oklahoma have reported that by using UBA and ICB, they have saved a combined total of \$1 million annually in operating costs. Those are their figures, not ours, and they speak to an incredible return on investment."

JCM is allied with TransAct Technologies to provide a convenient, one-stop-shop for sales and service. In the booth, TransAct will be showing its thermal printers: the Epic 950® and the Epic 950 with its award-winning ServerPort™ technology.
